For Release: May 25, 2010

CobbFendley Ranked as Top Design Firm

HOUSTON, TX – CobbFendley has been ranked by Engineering News-Record Magazine as a Top Design Firm in the United States. The Top 500 Design Firms list, published annually in April, ranks the 500 largest U.S.-based design firms, both publicly and privately held, based on design-specific revenue. CobbFendley is ranked at number 444 out of 500 engineering and architectural firms.

CobbFendley provides an array of professional services to its clients, including such diverse organizations as the Cities of Austin, Cedar Park, San Antonio, Houston, Sugar Land, Frisco and Dallas; North Harris County Regional Water Authority; Texas Department of Transportation and New Mexico Department of Transportation; Metropolitan Transit Authority and Capitol METRO; North Texas Tollway Authority; Harris, Dallas, Fort Bend, Bexar and Williamson Counties; AT&T Texas, CenterPoint Energy, CoServ, CPS Energy and Texas Gas Service.

About Cobb, Fendley & Associates, Inc.
